

# GOGO BERM INSTRUCTIONS

The AIRE Environmental GoGo Berm is a handy little berm, designed for catching drips and providing secondary containment for small machinery and containers. It folds down into a super slim package, perfect for sliding behind a pickup seat or storing on board machinery.

## WHAT YOU NEED TO KNOW

1. Unstrap

2. Unfold (*pop the walls into position*)

3. Deploy

## ADDITIONAL PRODUCTS

### DIVERSION TUBES

### SPILL KITS

### STAY WALL BERMS
