

WASH DOWN BERM INSTRUCTIONS

The AIRE Environmental Wash Down Berm was originally designed to provide containment when power washing boats, but can be used to contain wash from many kinds of equipment. You can avoid trouble with the EPA by keeping mud, grease, oil and other chemicals out of waterways using the AIRE Environmental Wash Down Berm.

WHAT YOU NEED TO KNOW

SITE PREP

1. Clear any debris from the deployment area.

DEPLOYMENT

1. Remove the product from its packaging.
2. Unfold and deploy the berm.

SUGGESTIONS

1. Carefully place objects into the berm. Dropping heavy objects into it may compromise the fabric.

RECOMMENDED PRODUCTS

Mini Spill Kit

Diversion Tube

Quick Snap Foam Berm

Duck Pond Berm
